Dear {{RecipientFirstName}},

North Star Camp annual camp forms are open

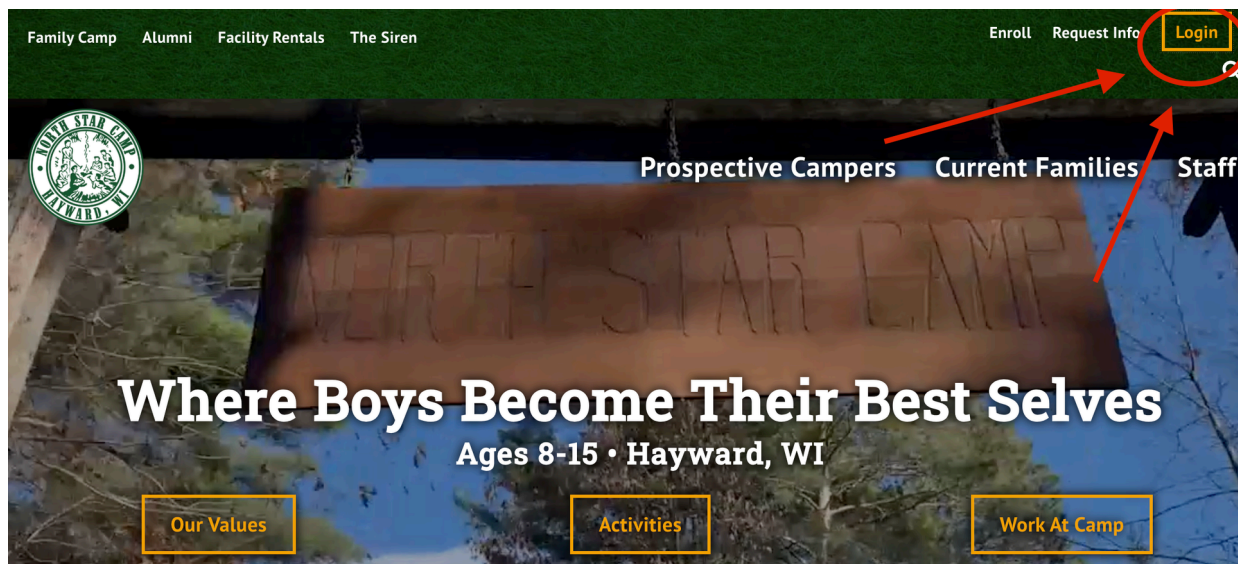

All enrolled campers must have updated submitted forms each year to participate in camp programming. The medical and transportation forms are now open for submission.

To access your camper's forms, login to your CampInTouch account and click "Forms and Documents." All forms, for all camp sessions, must be submitted by **May 1st**.

[Click here to login to your CampInTouch account](#)

CampInTouch is the same online system you used to register {{FirstName}} for camp. Use this email address to login and start completing his forms.

You can access your CampInTouch account from the button above or by going to our website- www.northstarcamp.com. Just click "Login" in the upper right corner to come back to your forms anytime.

North Star Required Forms

Here are the medical and transportation camp forms that are open for submissions and required for all campers:

1. Health History
2. Mental Health Wellness and Supports
3. Immunization Records
4. Immunization Certification:
A verification that your camper is up to date on childhood recommended vaccinations
5. Authorization & Insurance Card
6. Transportation:
Your camper's plans for arriving and departing from camp

All of these forms should be filled out by you, the camper's parent or guardian.

The information you are sharing on these camp forms will be reviewed by the camp director team. The health information will also be shared with our camp nurses when they are on-site at camp.

We want to partner with you to provide a wonderful and meaningful experience to your camper this summer. We aim to know each camper individually and know how to support them during their time at camp so they can grow and learn in their own individual and meaningful ways. This process of support often starts with the submission of your camp forms. Be open, honest and forthcoming when sharing information to help set them up for success.

Additional Forms personalized for your Individual Camper

We often ask for additional information, shared on additional forms, from medical, mental health and special education providers when your child is navigating and living with a number of different conditions.

All camp families must complete the required forms listed above. As your camper's information gets reviewed by a camp director, it may be recommended that additional information about a condition or current issue get shared with us. In these instances, we will ask your child's provider to submit additional helpful information. (You will be notified via email if additional forms are added to your camper's CampInTouch account.)

Instances when additional forms will be added and requested for completion:

- Medical Condition or Recent Surgery, Injury, Hospitalization (in the last 12 months): If your camper has an ongoing medical condition, such as asthma or a severe allergy, we will ask their medical provider to share their action plans with us to know how to most appropriately respond. Similarly, if your child has had a recent surgery, injury, or hospitalization, please plan to have their medical provider share any limitations or observations to be aware of while they are at camp.
- Ongoing Mental Health Support: If your child is working with a mental health provider to support their health, we will ask about strategies and ways our camp staff can continue to identify their needs and build on their progress while they are in session at camp.
- Special Education and Accommodations: We all know the school environment and camp environment are very different and not all school accommodations can be built into the unique setting of camp. However, it is very helpful for our staff to know what types and what level of support your child is receiving at school.

If you have questions in advance about these additional forms, please reach out to Robyn at Robyn@NorthStarCamp.com.

Transportation details for arriving and departing camp

Details for different [transportation options are explained on our North Star website](#), including [recommended flight times](#) for each city of flying campers. We partner with the travel agency, TravelOne, who will help all North Star families book appropriate flight reservations.

When you have questions about camper travel plans, reach out to Dan at Dan@NorthStarCamp.com.

Medications at Camp

For the full details and policies for medications at camp, [visit our website](#).

Medications that are taken as daily pills must, **must, MUST** be ordered and shipped to camp through a separate pharmacy called [CampMeds](#).

More details about medications at camp will be sent in a separate email.

For questions about medications before our medical health center team arrives on-site at camp, please contact Robyn@NorthStarCamp.com

Download the Campanion app

Make your life easier and use the Campanion app to submit your camper's forms. Nearly all of the forms can be submitted online right from your phone. Plus, when your camper is in session, the Campanion app is an easy way for you to view pictures taken at camp and send emails that get delivered to your camper with the daily mail.

Campanion today**

Planning ahead

In early April, when the school year is nearly over and summer is nearly here, we will add additional forms for your family to complete as well. These will include:

- The Camper Profile form
- The Code of Conduct Review
- The Camper Questionnaire

These forms will ask your camper to share their thoughts before camp and will give parents an opportunity to describe their camper and some of your own goals ahead of the summer session.

Yes, we know there are a lot of forms and requested information. We do all of this to help set your child up for success and so we can be as prepared as possible. We recommend you start your camper's forms now so everything can be thoroughly reviewed and we can partner with you to provide a great summer experience.

Thanks for your partnership and please reach out to me or Beth, beth@northstarcamp.com with any help on your camp forms.

Thanks,

--Robyn
